PART IV.

Official Papers.

Abstract of Season or Intermediate Reports for the Week ending 25th July 1885.

District.	Rain-fall at.	Inches.	Cents.	Price of Food Grains.	Markets how supplied.	State of Crops.	Prospects of Season.	Public Health.	Remarks.
Bangalore ...	Bangalore Cantonment.	...	19	Present week. seers. / Last week. seers.	Well.	Standing wet and dry crops generally in fair condition. More rain needed for recently sown dry crops, as well as for further ploughing & sowing operations. Ragi, avare, togari and harka were sown in a few places.	Favorable.	Good generally, three fatal cases of cholera in the Town of Bangalore. 8 do in Agra village, Bangalore Taluk.	Drinking water and pasturage procurable, cattle in fair condition, cattle disease abating.
	Bangalore Town.	...	15						
	Nelamangala ...	...	28	Rice,					
	Magadi ...	...	33	2nd sort 10 / 9½					
	Closepet ...	1	20	Ragi 27 / 27					
	Anekal ...	...	2	Horse-gram 18 / 17¾					
Kolar ...	Chintamani ...	...	35	Rice 11 to 13 / 11 to 13.	Do	Withering in many places. Ragi and paddy were sown in parts.	Uncertain. Rain wanted.	Generally good.	Cattle disease prevails in some villages. Fodder and water procurable.
	Chikballapur ...	...	80	Ragi 26 to 32 / 26 to 32.					
	Goribidnur ...	...	15	Horse-gram, 18 to 30 / 18 to 30.					
Tumkur ...	Tumkur ...	...	19	Rice 9 to 12 / 10 to 12.	Well. Importation of rice rather slack in Tiptur and Chiknayakanhalli.	The standing crops, ragi, ballar, tuvar, sáme, korle, &c., are fading in Chellakere, Tumkur and Gubbi, elsewhere in fair condition, ragi, ballar, tuvar, &c., were sown. Rain is wanted for young crops.	Improving.	In Tumkur sore-eyes and small-pox prevail. Ague at Chiknayakanhalli and small-pox in parts of Sira.	Water-supply scanty in several places, green grass sprung up. Foot and mouth disease and kuntaroga prevail in Chitaldroog and Chellakere respectively.
	Maddagiri ...	...	40	Ragi 25 to 48 / 25 to 48.					
	Chiknayakanhalli.	...	55	Horse-gram 18 to 25 / 19 to 24.					
	Sira ...	...	10						
	Pavagada ...	...	10						
	Chitaldroog ...	...	47						
	Holalkere ...	...	95						
Mysore ...	Mysore ...	...	7½	Rice 10 to 13 / 10 to 13.	Well.	Paddy, hain-ragi, doddi-batta, ballar, oil-seeds and black-gram sown in most parts of the District. Standing crops withering owing to deficient rain-fall. Jola, yellu, baragu, black and green-gram and sugar-cane harvested in parts.	Uncertain. Rain much needed.	Generally good except in parts where cholera and fever are prevalent.	Murrain still prevalent in some Taluks. Fodder supply diminishing in Gundlupet. Water-supply sufficient.
	Seringapatam ...	...	45	Ragi 22 to 32 / 22 to 32.					
	Hunsur ...	...	39	Horse-gram 16 to 28 / 18 to 25.					
	Yedatore ...	...	8						
	Heggaddevankote.	...	80						
	T. Narsipur ...	...	18						
	H. Narsipur ...	...	30						
	Nagamangala ...	...	5						
	Channarayapatna.	...	18						
Shimoga ...	Shimoga ...	...	1 90	Rice 13 to 16 / 14 to 15½	Do	Standing crops, paddy, ragi, jola, sugar-cane, black-gram, haralu, hemp &c., are in good condition, but paddy fields in the Maidan require heavy rain. Supari is attacked by kole roga in Sagar. Paddy seedlings transplanted in the Malnad Taluks, and ragi, jola, togari, avare and navane were sown elsewhere.	Heavy rain is required for paddy fields and tanks in the Maidan Taluks.	Fevers, chest affections and small-pox in Sagar and Nagar prevalent.	Foot and mouth disease prevalent in parts.
	Channagiri ...	11	64	Ragi 20 to 39 / 20 to 39.					
	Sorab ...	7	10	Jola 28 to 35 / 22 to 33.					
	Sagar ...	4	80						
	Nagar ...	5	25						
	Tirthahalli ...	11	51						
	Davangere ...	...	83						
adur ...	Chikmagalur ...	...	61	Rice 10 to 19 / 11 to 19.	Do	Good in the Malnad
